

Solar light with USB extensions to charge mobile devices

Solar Panel moves with the sun's position as sun progresses

- Flexible Monocrystalline Silicon Solar Panel
- LED Main Lamp RGB-LED Color Auxiliary Lights
- Optically Control
- Time Control
- Intelligent Control
- Remote Intelligent Control(Optional)

Item No.	2SPA006A
Solar Power	54 ± 15%
Battery Capacity	14.8v/41.6AH
Light Source	LED, power: 10W., color temperature:4500K
Controller	Remote control ,timer control light control, anti-overcharge,anti-short current,anti-over discharge protective level: IP65
Lamp Pole	Superb Aluminum alloy material, Anti-salty,anti-aid; Solar panel and table material adopted by FRP
Working Temperature	4F- 122F
Height	11.8FT
Wind Resistance	27m/s ,i.e. Whole gale
Multi Fuction	3 pcs USB output, charging mobile phone, Output: 5V/1A; WIFI connection optional.
Working Time	Light Control Automatic Lit for 4 hours then half to next dawn USB charger works 24 hours Works for 3 days when rainy or cloudy
Weight	132.2lbs
Warranty	2 Years

- Mobile Phones
- Pad
- Power Bank
- Digital Camera

The Application
